

# EPL0146

Our “Clips to push-on one thickness” family has been designed to ensure secure and simple fastening over time. These parts are simply pressed in a hole (mostly round) in the supporting panel. Some of them can be used as plugs.

This family includes a complete range of products. They can be used for different panel thicknesses, different hole diameters, etc.

**Rated:**

Rated **0** out of 5

**Price:** 0.00€
