Our “Flat washers” family has been designed to ensure secure fastening over time for all assembly challenges. They are used in threaded assemblies for distribution of load on a greater surface. They are also used for oversized or oblong holes and for protection of assembled parts.

This family includes a complete range of products: some of them have been designed to be used separately, others have been designed to be assembled on a nut or a screw.

Price: 0.00€

Our "ONDUFLEX Spring washers" family has been designed to ensure secure fastening over time for all assembly challenges. They compensate axial play and misalignment by keeping tension in an assembly and prevent the risk of loosening.

This family includes a complete range of products, with ONDUFLEX spring blocking washers and ONDUFLEX spring pressing washers.

Price: 0.00€
